LIFE TIME 'PRICE FREEZE' FOR ALL MEMBERSHIPS & NO MINIMUM PERIOD MEMBERSHIPS

Phoenix is different in the way that we offer a club membership for a sport, fitness and martial training system. When you commence training; you need at least 3 month's to develop your skills, fitness and the training habits required to get a solid foundation and general knowledge of Muay Thai & fitness by Phoenix. Phoenix provides the membership you need to fulfill your goals and make training a part of your life. We have been coaching people for 27+ years with the senior coaches having over 35 years experience coaching, and extensive competition experience in Muay Thai, Kickboxing, Fitness, Boxing, and MMA.

When you sign up @ Phoenix, you are signing up to do a martial art and/or fitness program that will take time to see the benefits. You will participate in a developmental system that will make you fitter, faster, stronger and tougher than you have ever been. You will follow a proven competency based system that will give you solid Muay Thai, fighting, and self defence skills that you will be proud of and confident of knowing you train at a high quality professional training facility. The training will be challenging. We know most people are training for fitness and not to compete, but everyone wants to be proud of what they do, be competent, get really fit and take on a challenge. We are training you to be the best you can be and although your goals may differ. You will be in a serious training environment that requires work ethic and you will be pushed every session. You will be coached and you will be told what to do and how to do it. You will also be coached when you are not meeting the expectations of training technique and effort for every punch and every push up you do.

Everyone that joins follows the grading system of development and everyone is coached. Phoenix has stringent training & grading standards. Every step is incrementally harder and designed to forge you in fire. Phoenix is a Muay Thai club that will develop the warrior within and teaches real fighting skills enhanced by a code of conduct and positive life habits. Phoenix has a strong work ethic, disciplined and high integrity training environment that follows a team work approach to individual development.

Price Freeze & NO minimum period memberships. If you keep training, we will never put your price up if you continue to be a paying member. You keep the same membership price as when you first join. We reward people who stay longer, keep training consistently and always stay a Phoenix member. Life will have its ups and downs, but we will not put your fees up when inflation goes up, interest rates rise, the price of streaming, milk, eggs and airfares skyrocket. We won't even put your fees up when our own expenses increase. We have a rent, (with no suspensions over Christmas), and other life expenses like you. You can suspend or cancel your membership at any time however you VOID your price freeze membership and return on the current prices.
